

View on Gender and Sexuality in Bangladesh >>>

Presenter: Pritilata Devi

Definition of Sexuality –

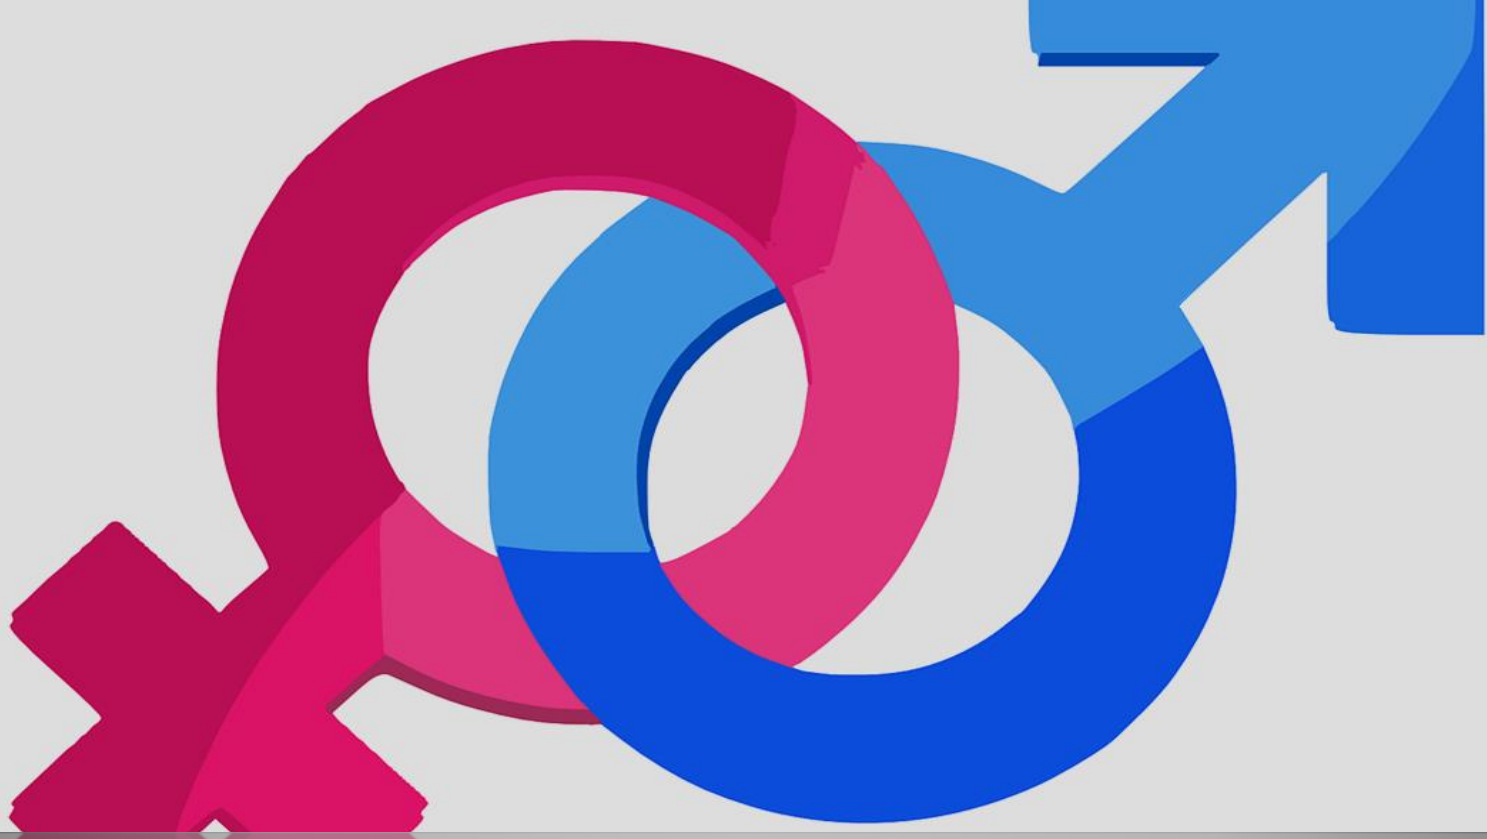

As an individual capacity

As experiential

As body-oriented

As directed toward genital excitation.

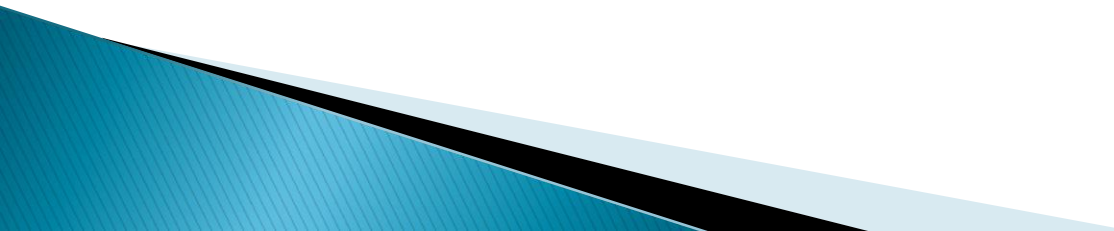

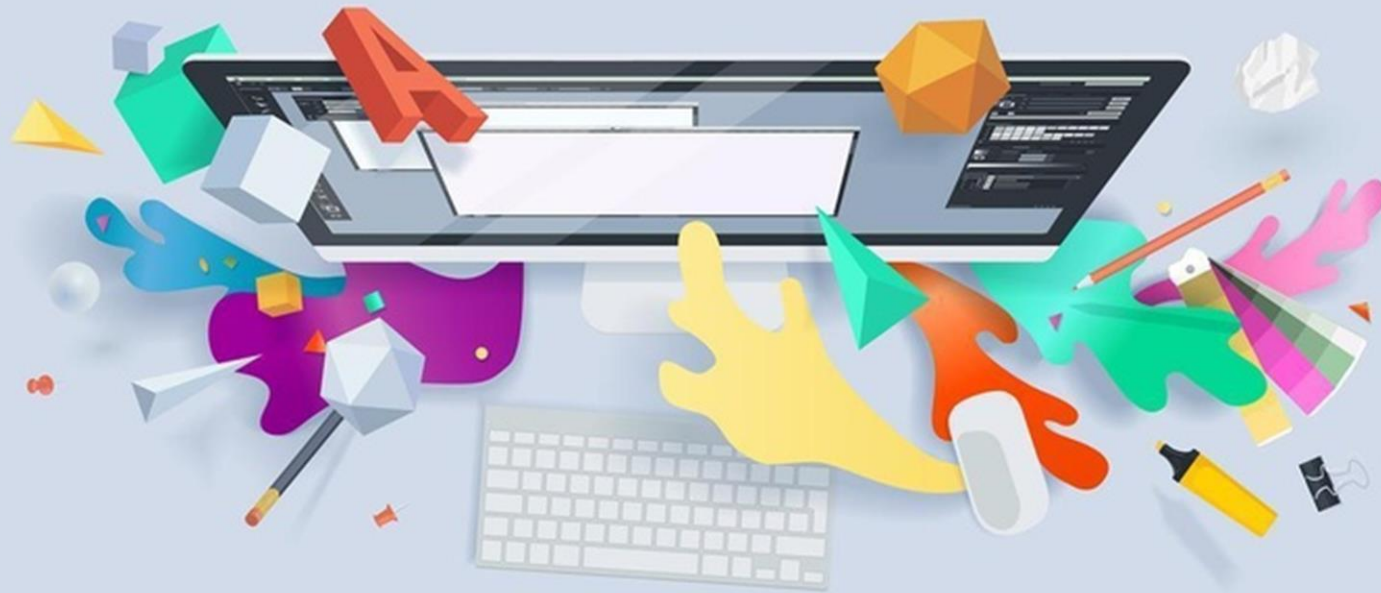

Sexuality is regulated by -

- # Society
- # Culture
- # Religious belief

Importance of Sex Education –

- # To keep our children safe and help them to make healthy choices.
 - # To stop objectifying women and devaluing them as human beings.
 - # To realise that ignorance is not protection, rather enlightening is.
- 

Impact of Internet on Children – >>

Don't let the innocence of our children die because of the mass use of Internet. Choose/ select wisely before we hand it over to our children.
